

## • IS CANNABIS LEGAL IN HAWAI'I?

The State of Hawai'i currently allows for the medical use of cannabis. Recreational consumption is illegal.

Hawai'i law requires all qualified patients to be registered with the Medical Cannabis Patient Registry Program and obtain a 329 card before they begin to use cannabis for medicinal purposes.

Access to Noa Botanicals and other State-licensed medical cannabis dispensaries in Hawai'i is limited to holders of a 329 card.
